EXECUTIVE SUMMARY

Technology and digital-transformation executive with **18+ years** across Egypt and Oman, progressing from hands-on engineering to enterprise-wide leadership across technology strategy, enterprise architecture, digital platforms, program delivery and IT operations. Leads a **54-person** multidisciplinary technology organization with **seven direct reports** and accountability for an **EGP 150M** annual IT budget. Combines executive decision ownership with deep technical judgment to translate business priorities, regulatory requirements and operating constraints into scalable platforms, controlled transformation and dependable services.

EXECUTIVE CAPABILITIES

Technology Strategy & Roadmaps | Enterprise & Solution Architecture | Digital Transformation | IT Operating Models | Enterprise Platforms & Modernization | Program & Portfolio Delivery | Data & Integration Governance | Security, Resilience & DR | Vendor & Commercial Governance | Build-vs-Buy / TCO | Executive Stakeholder Alignment | Organization & Capability Leadership

SELECTED EXECUTIVE IMPACT

- Scaled the technology organization from **24 to 54** people and now lead it with **seven direct reports**, with accountability for an **EGP 150M** annual IT budget across applications, infrastructure, security, data, operations and digital transformation.
- **Led the end-to-end re-architecture and replacement of the national MediQ platform in approximately six months with a fully in-house technology organization; MediQ, winner of the Pharma Awards 2026 - Digital Transformation Award, serves 38,000+ users, 11,000+ healthcare facilities and 2,000+ suppliers.**
- Directed the completed **EGP 11M Microsoft Dynamics 365** integration across procurement, supply, inventory, finance and reporting, governing process alignment, architecture, integration, testing, security and production transition.
- Conceived and led **MediQ E-Tender** as a governed enterprise workflow spanning **10 major steps, 30 operational stages, 15 Chairman approvals** and **20+** roles/permissions, integrating business process, architecture, delivery and operational governance.
- Expanded the technology agenda beyond core platform modernization into **enterprise-wide operating-model transformation** across inventory governance, Dynamics 365 integration, maintenance transformation, CRM/customer-service modernization and phased data/AI strategy.

PROFESSIONAL EXPERIENCE

Egyptian Authority for Unified Procurement (UPA)

05/2025 - Present

Head of the Central Administration for Information Systems & Digital Transformation

Cairo, Egypt

- Own **technology strategy, enterprise architecture** direction and portfolio priorities across applications, data, integrations, infrastructure, security and digital services, with accountability for an **EGP 150M** annual IT budget and multi-year modernization roadmaps.
- Lead a **54-person** multidisciplinary technology organization with **seven direct reports** spanning software/applications, analysis, QA/reporting, DevOps, mobile, data, support/customer service and delivery governance.
- Set **target-state direction** and govern **platform lifecycle** across procurement, supply, inventory, tendering, finance integration, analytics and connected digital services, balancing value, scalability, maintainability, security, resilience, continuity and cost.
- Lead architecture, **technology-selection** and **build-vs-buy** decisions with relevant technical teams; use PoCs when needed, assess risk and technical debt, and evaluate capability fit, **TCO** and lifecycle cost.
- **Set enterprise integration and data-governance patterns across a cross-government healthcare ecosystem, leading architecture and delivery across national and health platforms, including confirmed production integrations with ECIC and Blood Bank; personally developed production healthcare APIs and governed GS1-based asset identification/location integration.**

- Own **service resilience** and production-readiness governance including capacity planning, load/performance testing, monitoring/logging, PostgreSQL production/replica architecture, Redis caching, containerized services, **F5 BIG-IP** controls, **DR**, daily full database backups and off-site recovery.
- **Present technology strategy, investment options, program status, trade-offs, priorities and risks to senior leadership; provide technical assessment and solution direction to government and healthcare stakeholders, track value realization and reprioritize roadmaps using operational evidence.**

Egyptian Authority for Unified Procurement (UPA)

10/2020 - 05/2025

General Manager - Systems, Applications & Technical Support

Cairo, Egypt

- Directed **enterprise applications**, technical support and customer-service delivery while modernizing established **.NET Framework/Telerik** solutions toward **ReactJS/Node.js** services, C#/.NET APIs, PostgreSQL, Redis, Docker and Apache Superset without disrupting operational continuity.
- Strengthened **engineering and service governance** through architecture/design reviews, SDLC and QA/release gates, ticket ownership and escalation, **incident/RCA** practices, documentation and knowledge transfer.
- Owned the **full solution lifecycle** across requirements and business analysis, solution architecture, engineering, integration/data mapping, QA/UAT, deployment, training, production support and continuous improvement.

Integral Solutions LLC

05/2016 - 10/2020

Development Team Leader & Senior Full-Stack Developer

Muscat, Oman

- Led **10+ developers** while remaining hands-on across **15+** Omani government platforms, covering requirements, solution design, development, testing, deployment, releases and production support.
- Contributed extensively to the National Educational Portal serving **approximately 1 million users**, the **Sultan Qaboos Award-winning** Recruitment System and Maktabi electronic correspondence management.
- Designed secure government workflows, reporting, database and integration components across **C#/.NET**, ASP.NET Web Forms, **SQL Server** and **MySQL**.

Keyframe Egypt

04/2011 - 05/2016

Development Team Leader & Senior Full-Stack Developer

Cairo, Egypt

- Delivered or led **150+** major and mid-sized projects across government, healthcare, education, construction, automotive, events and commercial sectors, excluding small projects; progressed from hands-on engineering to leading a **six-person** development team.
- Owned analysis, **C#/.NET** engineering, database/reporting design, testing, deployment and support across multilingual and RTL solutions, including the **ITIDA-recognized Yashfeen** healthcare solution.

Egyptian Armed Forces

04/2008 - 10/2010

Linux Systems & Web Developer

Egypt

- Built hands-on Linux systems expertise through **Linux From Scratch**, kernel modules, optimization and hardening, alongside secure **ASP.NET/SQL Server** application development.

LEADERSHIP, ARCHITECTURE & DELIVERY TOOLKIT

Executive Leadership: Technology strategy, IT operating models, portfolio and roadmaps, budget/investment prioritization, organization design, executive stakeholders, vendor governance, TCO, risk and value realization.

Architecture & Platforms: Enterprise/Solution Architecture, Microsoft Dynamics 365, REST/SOAP APIs, C#/.NET, ReactJS, Node.js, PostgreSQL, SQL Server, Redis, Docker, F5 BIG-IP, Power BI and Apache Superset.

Delivery & Operations: Program/portfolio governance, requirements, architecture alignment, QA/UAT, release/cutover, production readiness, ITSM, incident/RCA, monitoring/logging, capacity planning, business continuity and DR.

SELECTED GOVERNANCE CONTRIBUTIONS

- National Pharmaceutical Track & Trace Program (2021-2024) - contributed to multi-agency governance, compliance and interoperability.
- Board Member - National Blood Operations Oversight (2021-2024), representing UPA and contributing to digital governance, data integrity and technology standards.
- Member - Egypt Digital Transformation Committee supporting the World Bank Group B-READY Assessment (2025-2026).

EDUCATION & LANGUAGES

B.Sc. in Computer Science, Faculty of Computers & Informatics, Zagazig University | 2003-2007

Arabic - Native | English - Professional Working Proficiency
