PROFESSIONAL SUMMARY

Technology and delivery leader with 18+ years across Egypt and Oman, combining executive technology leadership with hands-on project, program and platform delivery depth. Leads complex, multi-workstream transformation from scope and planning through architecture coordination, engineering, integration, QA/UAT, vendor governance, cutover, stabilization and operational handover. Experienced in national-scale government and healthcare platforms, translating strategic priorities and technical dependencies into accountable plans, controlled execution and dependable business outcomes.

CORE SKILLS

Program & Portfolio Delivery | **Digital Transformation Programs** | **Enterprise Platform Delivery** | Roadmaps, Milestones & Dependencies | Cross-Functional Leadership | Risk, Issue & Change Governance | Vendor & Commercial Governance | QA/UAT & Acceptance | **Release, Cutover & Go-Live** | Operational Readiness & Handover | Executive Stakeholder Alignment

SELECTED DELIVERY IMPACT

- Directed the completed **EGP 11M Microsoft Dynamics 365 integration** end-to-end across procurement, supply, inventory, finance and reporting, from detailed design and integration through **SIT/UAT**, controlled deployment, stabilization and **operational handover**.
- Led the end-to-end re-architecture and replacement of MediQ, winner of the Pharma Awards 2026 - Digital Transformation Award, in approximately six months with a 54-person in-house technology organization, covering rebuild, migration and reconciliation, testing, training, parallel operation, cutover and stabilization.
- Conceived and led **MedIQ E-Tender** end-to-end across **10 linked steps, 30 operational stages, 15 Chairman approvals** and **20+ governed roles/permissions**, coordinating business workflow, architecture, engineering, testing, deployment and operational adoption.
- Own governance of delivery priorities across an EGP 150M annual IT budget, aligning investments, vendors, contracts, delivery sequencing, technical acceptance and production readiness with business value, risk and continuity.
- Direct portfolio delivery across the MediQ ecosystem, including core modernization, MediQ Mobile electronic inventory, asset maintenance, logistics and enterprise integrations; led architecture and delivery across ECIC, MoH/HMIS, GAHAC and Blood Bank integrations, including confirmed production integrations with ECIC and Blood Bank, alongside secure beneficiary, prescription and dispensing-data exchange with external health entities.

PROFESSIONAL EXPERIENCE

Egyptian Authority for Unified Procurement (UPA) | Cairo, Egypt

05/2025 - Present

Head of the Central Administration for Information Systems & Digital Transformation

Scope: Program & Portfolio Delivery | Platform Modernization | Cross-Functional Execution | Vendors & Commercials | Release & Operational Readiness

- Translate strategic priorities into **multi-year roadmaps** and executable workstreams, defining **scope**, sequencing, **milestones, dependencies**, resourcing, decision points and release plans across MediQ and connected enterprise services.
- Lead a **54-person** multidisciplinary technology organization with **seven direct reports**, coordinating engineering, architecture, analysis, QA/reporting, DevOps, mobile, data, support/customer service, vendors and business stakeholders around shared delivery outcomes.
- Own governance of delivery priorities across an EGP 150M annual IT budget, aligning investments, vendor delivery, contracts, technical acceptance, risks, dependencies and execution readiness with business value and continuity.
- Led the **MedIQ replacement program** in **approximately six months** through planning, rebuild, data migration/reconciliation, parallel operation, QA, performance/security validation, training, cutover and stabilization.
- Directed the completed **EGP 11M Microsoft Dynamics 365 integration** through requirements and design alignment, APIs/data mapping, **SIT/UAT**, controlled production deployment, stabilization and **operational handover**.
- Lead **MedIQ E-Tender** delivery as a governed enterprise workflow spanning **10 linked steps, 30 operational stages, 15 Chairman approvals** and **20+ roles/permissions**, with clear acceptance, approval and audit controls.

- Govern release and production readiness across QA/UAT, performance/load testing, security controls, monitoring/logging, rollback/recovery planning, DR readiness, documentation, training and service transition.
- Present **program status**, **delivery risks**, dependencies, trade-offs, investment priorities and decisions to senior leadership; track **value realization** and use operational evidence to reprioritize roadmaps and follow-on delivery.

Egyptian Authority for Unified Procurement (UPA) | Cairo, Egypt **General Manager - Systems, Applications & Technical Support**

10/2020 - 05/2025

- Managed concurrent enterprise application, modernization, integration and support initiatives, including end-to-end logistics workflows spanning supplier shipments, pricing, release tracking, customs clearance, procurement and warehouses, while sequencing delivery around continuity, dependencies and release constraints.
- Directed structured enterprise delivery from design and integration build through unit testing, SIT, UAT, controlled deployment, rollback planning, post-go-live stabilization and operational handover.
- Converted manual, paper- and spreadsheet-heavy processes into governed digital workstreams with approvals, access controls, validation, audit trails, reporting and defined operational ownership.
- Owned the end-to-end delivery lifecycle across requirements and business analysis, solution design, engineering, integration/data mapping, QA/UAT, deployment, training, production support, stabilization and continuous improvement.

Integral Solutions LLC | Muscat, Oman

05/2016 - 10/2020

Development Team Leader & Senior Full-Stack Developer

- Led **10+ developers** while remaining hands-on across **15+ Omani government platforms**, coordinating requirements, solution design, development, testing, deployment, releases and production support.
- Contributed extensively to the National Educational Portal serving **approximately 1 million users**, Maktabi electronic correspondence management and the **Sultan Qaboos Award-winning** Ministry of Education Recruitment System.
- Coordinated developers and technical/business stakeholders across delivery, integration, testing, releases, service transition and support using C#/.NET, ASP.NET Web Forms, SQL Server and MySQL.

Keyframe Egypt | Cairo, Egypt

04/2011 - 05/2016

Development Team Leader & Senior Full-Stack Developer

- Delivered or led **150+ major and mid-sized projects** across government, healthcare, education, construction, automotive, events and commercial sectors, excluding small projects; progressed from hands-on engineering to leading a **six-person development team**.
- Owned analysis, C#/.NET engineering, database/reporting design, testing, deployment and support end-to-end while balancing concurrent client priorities, including the ITIDA-recognized Yashfeen healthcare solution.

Egyptian Armed Forces | Egypt

04/2008 - 10/2010

Linux Systems & Web Developer

- Built hands-on Linux systems expertise through Linux From Scratch, kernel modules, optimization and hardening, alongside secure ASP.NET/SQL Server application development.

PROGRAM, DELIVERY & OPERATIONS CAPABILITIES

Program & Portfolio Governance: Scope and roadmaps, milestones, dependencies, risks/issues, change control, decision governance, executive reporting, portfolio prioritization, budgets, vendors and commercial alignment.

Delivery Lifecycle: Requirements, planning, estimation, resourcing, architecture alignment, QA/UAT, acceptance, release/cutover, rollback planning, stabilization, training, adoption, service transition and operational handover.

Platforms & Technology Context: Enterprise platforms, Microsoft Dynamics 365, REST/SOAP APIs, C#/.NET, ReactJS, Node.js, PostgreSQL, SQL Server, Redis, Docker, Power BI, Apache Superset and CI/CD governance.

Leadership & Stakeholders: Cross-functional team leadership, business/technology alignment, vendor and partner management, executive escalation, operational readiness, incident/RCA oversight and continuous improvement.

SELECTED PROGRAM & GOVERNANCE CONTRIBUTIONS

- **National Pharmaceutical Track & Trace Program** (2021-2024) - contributed to multi-agency governance, compliance and interoperability.
- **Board Member - National Blood Operations Oversight** (2021-2024), representing UPA and contributing to digital governance, data integrity and technology standards.
- Member - **Egypt Digital Transformation Committee** supporting the World Bank Group B-READY Assessment (2025-2026).

EDUCATION

B.Sc. in Computer Science, Faculty of Computers & Informatics, Zagazig University | 2003-2007

Languages: Arabic - Native | English - Professional Working Proficiency
