POSITIONING STATEMENT

Technology and digital-transformation executive with 18+ years of experience across enterprise architecture, information systems, software and data platforms, integration, governance, and large-scale program delivery in Egypt and the GCC. Current scope includes an EGP 150M+ portfolio, 40+ professionals, and national platforms supporting 12,000+ public-sector entities.

LINKEDIN CONNECTION NOTE - RECRUITER

Hello [NAME], I lead technology and digital transformation in Egypt, with 18+ years across enterprise architecture, data, integration, software delivery, and GCC projects. I am exploring senior technology leadership opportunities across Egypt, the GCC, and Africa and would value connecting.

RECRUITER INTRODUCTION EMAIL

Subject: Technology Executive / Enterprise Architect - Egypt, GCC & Africa

Dear [NAME],

I am a technology and digital-transformation executive with 18+ years of experience across government, healthcare, education, and enterprise delivery in Egypt and the GCC. My current scope includes an EGP 150M+ portfolio, 40+ professionals, national-scale platforms, Dynamics 365 integration, and data environments processing 12M+ records daily. I am targeting CIO/CTO/IT Director, Enterprise Architect, and Digital Transformation / Program Director opportunities. My CV and two-page portfolio are attached for your consideration.

HIRING MANAGER MESSAGE AFTER APPLYING

Dear [NAME], I have applied for the [ROLE] position and wanted to introduce myself directly. My background combines executive technology leadership, enterprise architecture, software delivery, data and integration, and large-scale public-sector transformation. The role appears closely aligned with my experience in [INSERT TWO RELEVANT REQUIREMENTS]. I would appreciate the opportunity to discuss how I could contribute to [COMPANY].

REFERRAL REQUEST

Hello [NAME], I noticed the [ROLE] opening at [COMPANY]. My experience aligns strongly with its focus on [AREA 1], [AREA 2], and [AREA 3]. As someone familiar with the organization, would you be comfortable sharing any insight on the team or referring my application? I have attached a concise profile for context.

SPECULATIVE OUTREACH TO CIO / CHRO

Dear [NAME], I have been following [COMPANY] and its work in [EXPANSION / TRANSFORMATION / NEW PLATFORM]. I lead enterprise technology and digital transformation in a national public-sector environment and have experience across architecture, software platforms, data, integration, governance, and adoption. I would value a brief conversation about whether this background could support your current or upcoming technology priorities.

EXECUTIVE-SEARCH FIRM REGISTRATION

Dear [CONSULTANT NAME], Please include my profile in your executive technology network for CIO/CTO/IT Director, Enterprise Architect, and Digital Transformation / Program Director mandates across Egypt, the GCC, and Africa. I bring 18+ years of experience, including direct delivery in Oman, national-scale government and healthcare platforms, an EGP 150M+ portfolio, 40+ professionals, and enterprise data/integration leadership.

SEVEN-DAY FOLLOW-UP

Dear [NAME], I am following up on my application for [ROLE], submitted on [DATE]. The opportunity remains highly relevant to my background in [TWO MATCHING AREAS]. I would be pleased to provide additional information or a short portfolio discussion if useful. Thank you for your time.

INTERVIEW THANK-YOU

Dear [NAME], Thank you for today's discussion regarding the [ROLE] position. I particularly appreciated learning about [SPECIFIC PRIORITY]. The conversation reinforced the fit with my experience in [RELEVANT EXPERIENCE] and my approach to [RELEVANT METHOD]. I remain very interested and would welcome the opportunity to contribute.

RE-ENGAGE A RECRUITER AFTER 3-4 WEEKS

Dear [NAME], I am sharing a brief update to keep my profile current. I remain open to senior technology leadership, enterprise architecture, and digital-transformation opportunities across Egypt, the GCC, and Africa. Recent work has continued to focus on enterprise platforms, data governance, integration, operational resilience, and executive delivery. Please keep me in mind for relevant mandates.

SHORT WHATSAPP MESSAGE

Hello [NAME], this is Mahmoud Salama. I am a technology and digital-transformation executive with 18+ years across enterprise architecture, software, data, integration, and GCC delivery. I am currently exploring senior roles in Egypt, GCC, or Africa. May I send you my CV and two-page portfolio?
