PROFESSIONAL PROFILE

Information systems and enterprise-applications leader with 18+ years of experience combining hands-on software development and architecture with application portfolio management, service ownership, digital transformation, data/integration governance, technical support, customer service, and stakeholder leadership across Egypt and the GCC. Leads national-scale business systems from requirements and architecture through release, support, continuity, and improvement, with governance oversight across infrastructure and information-security functions and pragmatic coordination of third parties where required.

CORE LEADERSHIP AREAS

Enterprise Applications | Application Lifecycle & Service Ownership | Integration & Data Governance | Service Management & Support | Change & Release Governance | RBAC / Auditability | Continuity & Third-Party Coordination

SELECTED CAREER IMPACT

- Enterprise application environment serving ~60K users across ~90K facilities/entities and ~300 suppliers.
- 54-person technology organization; service/support operation of ~20 people.
- Databases up to ~400GB with millions of records and high-volume reporting/integration workloads.
- National Educational Portal in Oman serving approximately 1 million users plus multiple government information systems.

PROFESSIONAL EXPERIENCE

The Egyptian Authority for Unified Procurement, Medical Supply and Management of Medical Technology (UPA) | Cairo, Egypt 05/2025 - Present

Head of the Central Administration for Information Systems & Digital Transformation

Scope: Enterprise Applications | Information Systems Governance | Integration, Data, Service & Continuity

- Own application and information-system governance for a unified national procurement platform spanning procurement, inventory/warehousing, supplier services, workflows, documents, CMS/publishing, reporting, support, and auditability.
- Direct lifecycle management from requirements and architecture through development, QA/UAT, release, deployment, support, incident/RCA, change, documentation, training, and continuous improvement.
- Govern integration and data practices across REST/SOAP services, API contracts, database/file exchanges, master/reference data, data-quality controls, reporting architecture, and secure role/data-level access.
- Lead a ~20-person technical support and customer-service operation for ~60K users through service desk, internal call-center services, CRM-supported case management, SLAs/escalation, onboarding, training, feedback, and adoption.
- **Coordinate service continuity, security controls, production readiness, third-party delivery coordination, architecture standards, and operational ownership with infrastructure, information-security, engineering, and business stakeholders.**

The Egyptian Authority for Unified Procurement, Medical Supply and Management of Medical Technology (UPA) | Cairo, Egypt 10/2020 - 05/2025

General Manager - Systems, Applications & Technical Support

- Directed applications, systems, technical support, and customer-service delivery across procurement, medical-supply, inventory, reporting, CMS/publishing, enterprise workflows, and stakeholder services.
- Modernized configurable workflows and business applications that replaced manual, paper-, Excel-, and email-based processes while improving consistency, traceability, and governance.
- Established stronger ownership, documentation, QA/release gates, incident/RCA practices, support procedures, knowledge transfer, and nationwide training/adoption.
- Coordinated multi-agency requirements, data, compliance, rollout, and operational readiness across national initiatives.

Integral Solutions LLC | Muscat, Oman

05/2016 - 10/2020

Senior Full-Stack Developer | Government Client Assignments

- **Worked hands-on on Oman Ministry of Education's national Educational Portal, serving approximately 1 million users, contributing across application development, database/reporting work, testing, deployment, rollout and production support.**
- **Contributed extensively to the large-scale Maktabi / Morasalat electronic correspondence platform for Omani government entities, working hands-on on correspondence creation, routing, forwarding and tracking, reports, database components, functional testing, defect investigation, production deployment and release/application support.**
- **Contributed substantially to Ministry of Education Recruitment, International Schools, Crisis and Asset Management systems; also worked across Ministry of Agriculture portal delivery spanning development, integrations, reporting, deployment, training and support.**

Keyframe Egypt | Cairo, Egypt

04/2011 - 05/2016

Senior Full-Stack Developer | Later Development Team Lead

- **Delivered across roughly 150 major and smaller web, portal and enterprise-system engagements spanning government, healthcare, education, construction, automotive, events and commercial sectors, with substantial hands-on and independent end-to-end implementation.**
- **Delivered public-sector and enterprise solutions spanning Ministry of Health work, conference platforms, education and HR systems, support desks and integrations, covering analysis, C#/.NET development, databases, reporting, testing, deployment and support.**
- Built and customized CMS/electronic-publishing solutions, including a custom .NET CMS plus hands-on Umbraco and Kentico work, with multilingual/RTL publishing, workflows, versioning, archiving, permissions, search, SEO, analytics, and integrations.

Egyptian Armed Forces | Egypt

04/2008 - 10/2010

Linux Systems & Web Developer

- Contributed to Egypt's first Linux distribution, working on Linux from Scratch builds, kernel modules, optimization, and platform hardening; also built secure internal ASP.NET/SQL Server applications.

LEADERSHIP APPOINTMENTS & GOVERNANCE CONTRIBUTIONS

- Digital Transformation Committee Member - World Bank Group B-READY Egypt Assessment (2025-2026): contributed technical input supporting private-sector digitization, public-service modernization, and national competitiveness.
- Board Member - National Blood Operations Oversight (2021-2024), appointed by Egypt's Minister of Health: oversaw digital governance, data integrity, and technology standards for the national blood-supply system.

TECHNICAL & MANAGEMENT CAPABILITIES

Information Systems: Application Portfolio & Lifecycle, Service Ownership, Change/Release, Incident/RCA, Documentation, Support Models, Third-Party Coordination, Continuity/DR Oversight

Applications & Integration: C#, ASP.NET Web Forms/Core/Web API, .NET, REST/SOAP, JSON, API Contracts, Workflow/BPM, CMS/DMS, RBAC/Audit, External E-Signature Integration

Data & Operations: SQL Server, PostgreSQL, MySQL, Data Governance, MDM/Reference Data, Data Quality, Reporting Architecture, Service Desk, Call Center, CRM Case Handling, SLA/Escalation, Training/Adoption

Tools: Visual Studio/VS Code/Rider, Git/TFS, Jenkins, Postman/Swagger, SSMS/DBBeaver/DataGrip, Docker (working exposure), Generative AI and prompt engineering for analysis/documentation/SQL

EDUCATION & LANGUAGES

Education: B.Sc. in Computer Science, Faculty of Computers & Informatics, Zagazig University | 2003-2007

Languages: Arabic (Native) | English (Professional Working Proficiency)
