PROFESSIONAL PROFILE

Enterprise platform-delivery leader with 18+ years of experience taking complex digital services from discovery and prioritization through architecture, engineering, QA/UAT, release, adoption, support, and continuous improvement. Brings substantial product-style delivery responsibility in enterprise and public-sector environments, combining roadmap and priority management, stakeholder alignment, workflow/platform design, service feedback, data/reporting, and cross-functional technology leadership across national-scale systems in Egypt and Oman.

CORE LEADERSHIP AREAS

Enterprise Platform Roadmaps | Prioritization & Backlog | Discovery & Requirements | Cross-Functional Delivery | Release & Go-Live | Adoption & Service Outcomes | Platform Operations | Stakeholder & Third-Party Alignment

SELECTED CAREER IMPACT

- Platform delivery for ~60K users, ~90K facilities/entities, ~300 suppliers, and ~1M transactions/month.
- Product/service feedback loop supported by a ~20-person technical support and customer-service operation.
- **National-scale Oman Educational Portal serving approximately 1 million users and the Ministry of Education Recruitment System.**
- **Roughly 150 major and smaller digital-solution engagements across government, healthcare, education and commercial sectors.**

PROFESSIONAL EXPERIENCE

The Egyptian Authority for Unified Procurement, Medical Supply and Management of Medical Technology (UPA) | Cairo, Egypt 05/2025 - Present

Head of the Central Administration for Information Systems & Digital Transformation

Scope: Enterprise Product Delivery | Roadmaps, Prioritization, Release, Adoption & Service Improvement

- Own platform evolution and delivery priorities for a unified national procurement product spanning demand, approvals, tendering, supplier evaluation, contracting, purchase orders, delivery/receipt, reporting, auditability, and support.
- Translate stakeholder needs, service evidence, operational pain points, architecture constraints, and strategic priorities into roadmaps, prioritized workstreams, delivery scope, and platform capabilities.
- Lead cross-functional delivery across analysis, architecture, engineering, QA/reporting, data, support/customer service, and delivery governance from discovery through release, adoption, support, and improvement.
- Use feedback from ~60K users, CRM/service cases, onboarding, training, escalations, and production issues to refine workflows, prioritize enhancements, and improve usability, reliability, and adoption.
- Balance reuse, customization, delivery speed, technical debt, security, data quality, operational readiness, and supportability across a configurable, multi-tenant enterprise platform.

The Egyptian Authority for Unified Procurement, Medical Supply and Management of Medical Technology (UPA) | Cairo, Egypt 10/2020 - 05/2025

General Manager - Systems, Applications & Technical Support

- Managed ongoing delivery and improvement across procurement, medical-supply, inventory, reporting, CMS/publishing, workflow, and stakeholder-service capabilities.
- Converted manual processes into configurable digital workflows and coordinated requirements, development, QA, rollout, support, training, and user adoption.
- Used support feedback, issue trends, stakeholder priorities, and operational evidence to drive enhancement priorities and service improvements.
- Strengthened delivery quality through clearer ownership, design/code reviews, QA/release gates, documentation, knowledge transfer, and repeatable support procedures.

Integral Solutions LLC | Muscat, Oman

05/2016 - 10/2020

Senior Full-Stack Developer | Government Client Assignments

- **Worked hands-on on Oman Ministry of Education's national Educational Portal, serving approximately 1 million users, contributing across application development, database/reporting work, testing, deployment, rollout and production support.**
- **Contributed extensively to the large-scale Maktabi / Morasalat electronic correspondence platform for Omani government entities, working hands-on on correspondence creation, routing, forwarding and tracking, reports, database components, functional testing, defect investigation, production deployment and release/application support.**
- **Delivered the Ministry of Education Recruitment System and contributed to International Schools, Crisis and Asset Management systems; also designed and delivered the Ministry of Agriculture portal across development, integrations, reporting, deployment, training and support.**

Keyframe Egypt | Cairo, Egypt

04/2011 - 05/2016

Senior Full-Stack Developer | Later Development Team Lead

- **Delivered across roughly 150 major and smaller web, portal and enterprise-system engagements spanning government, healthcare, education, construction, automotive, events and commercial sectors, with substantial hands-on and independent end-to-end implementation.**
- **Delivered public-sector and enterprise solutions spanning Ministry of Health work, conference platforms, education and HR systems, support desks and integrations, covering analysis, C#.NET development, databases, reporting, testing, deployment and support.**

Egyptian Armed Forces | Egypt

04/2008 - 10/2010

Linux Systems & Web Developer

- Contributed to Egypt's first Linux distribution, working on Linux from Scratch builds, kernel modules, optimization, and platform hardening; also built secure internal ASP.NET/SQL Server applications.

TECHNICAL & MANAGEMENT CAPABILITIES

Platform Delivery: Enterprise Platform Roadmaps, Prioritization, Backlog, Discovery, Requirements, Incremental Delivery, Release/Go-Live, Adoption, Platform Operations, Service Improvement

Cross-Functional Governance: Stakeholder Alignment, Business Analysis, Architecture Reviews, QA/UAT, Data/Reporting, Support/Customer Service, Third-Party Coordination, Risk/Change, Operational Readiness

Platform & Technical Fluency: Workflow/BPM, CMS/DMS, RBAC/Audit, REST/SOAP, Data Governance, C#.NET, React/JavaScript, SQL Server/PostgreSQL/MySQL, Git/TFS, Jenkins, Postman/Swagger

AI: Generative AI, Prompt Engineering, AI-Assisted Analysis/Documentation/SQL/Prototyping, No-Code Prototyping, Enterprise AI Adoption Strategy

EDUCATION & LANGUAGES

Education: B.Sc. in Computer Science, Faculty of Computers & Informatics, Zagazig University | 2003-2007

Languages: Arabic (Native) | English (Professional Working Proficiency)
