PROFESSIONAL PROFILE

Software development and delivery leader with 18+ years progressing from hands-on C#/.NET engineering to development team leadership and enterprise-scale application delivery across Egypt and Oman. Led 6-person and 10+ developer teams while remaining deeply hands-on, delivered 150+ major and mid-sized projects at Keyframe and 15+ enterprise/e-government platforms at Integral, then advanced into national-scale application portfolio, Agile/SDLC, release and production leadership at UPA. Combines engineering depth with delivery governance, people leadership, architecture, quality, stakeholder coordination and reliable production outcomes.

CORE DEVELOPMENT LEADERSHIP

Software Engineering Leadership | Application Development | Agile/Scrum Delivery | End-to-End SDLC | Sprint & Backlog Planning | Estimation, Capacity & Workload | Architecture, Design & Code Reviews | QA/UAT & Release Gates | CI/CD & Deployment | Delivery Risk & Dependencies | Production Support & RCA | Engineering & Service KPIs

SELECTED CAREER IMPACT

- Lead software development and application delivery within a 54-person technology organization with 7 direct reports, balancing priorities, capacity, dependencies and workload while governing SDLC, release/production readiness, service operations and application quality for a national procurement ecosystem serving ~60K users.
- Led a 10+ developer team while remaining hands-on across 15+ enterprise/e-government platforms in Oman, including the National Educational Portal serving ~1M users and the Sultan Qaboos Award-winning Ministry of Education Recruitment System.
- Led a 6-person development team and personally contributed across 150+ major and mid-sized Keyframe projects, excluding small engagements, spanning government, healthcare, education and commercial systems.
- Strengthened engineering and delivery consistency through reusable patterns, design/code standards, QA/release gates and clearer production-support ownership, using delivery, defect, release, incident and SLA/service KPIs to guide improvement.

PROFESSIONAL EXPERIENCE

Egyptian Authority for Unified Procurement (UPA) Cairo, Egypt Head of the Central Administration for Information Systems & Digital Transformation <i>Scope: Application Portfolio SDLC & Release Governance Architecture Service Operations</i> • Lead enterprise application development and delivery across procurement, medical supply, inventory, workflow, reporting and support capabilities, coordinating engineering, QA, infrastructure/security, data, support teams, vendors and business stakeholders across priorities, dependencies and delivery risks. • Govern end-to-end Agile/Scrum delivery and SDLC execution from backlog/sprint planning, requirements, estimation and dependency management through architecture/design review, integration, QA/UAT, release readiness, deployment, service transition and production support. • Set engineering and operational guardrails covering API/integration contracts, RBAC, auditability, NFRs, security controls, performance, resilience, observability, incident/RCA and business continuity. • Guide modernization and controlled adoption of .NET/API, data, automation and AI-assisted engineering practices, and maintaining engineering quality and production reliability. • Use delivery, defect, release, incident and SLA/service KPIs to guide delivery quality, production reliability and continuous service improvement.	05/2025 - Present
---	--------------------------

Egyptian Authority for Unified Procurement (UPA) | Cairo, Egypt General Manager - Systems, Applications & Technical Support

10/2020 - 05/2025

- Directed implementation, modernization, maintenance and high-availability support for procurement, medical-supply, inventory, reporting, CMS/publishing and enterprise workflow applications.
- Improved software-delivery discipline through Agile/iterative planning, technical enablement, engineering standards, design/code reviews, release governance and clearer application-support ownership.
- Converted manual processes into configurable digital workflows with structured approvals, role/data-level access, auditability, validation controls, reporting and operational support.
- Coordinated application, integration, data, compliance, rollout and operational-readiness work across initiatives involving multiple agencies, including National Pharmaceutical Track & Trace.

Integral Solutions LLC | Muscat, Oman

05/2016 - 10/2020

Development Team Leader & Senior Full-Stack Developer

Scope: 10+ Developers | 15+ Enterprise / E-Government Platforms | Hands-On Delivery

- Led 10+ developers using Agile/Scrum and iterative delivery practices, balancing sprint/backlog priorities, estimates, team capacity and workload while remaining hands-on in requirements analysis, solution design, C#/.NET development, testing, deployment and production support.
- Delivered/contributed across 15+ enterprise/e-government platforms, including the National Educational Portal serving ~1M users, Maktabi/Morasalat Electronic Correspondence, Ministry of Education Recruitment System, International Schools, Crisis Management and Asset Management.
- Contributed deeply to Maktabi/Morasalat across correspondence lifecycle, routing/forwarding/tracking, workflows, reports, database components, testing, troubleshooting, deployment and support.
- Delivered solutions using C#, ASP.NET Web Forms, .NET Framework, SQL Server, ADO.NET, Entity Framework, LINQ, JavaScript, jQuery, AJAX, Bootstrap, Web Services/APIs, Kendo UI, Telerik/Infragistics and enterprise reporting tools.

Keyframe Egypt | Cairo, Egypt

04/2011 - 05/2016

Development Team Leader & Senior Full-Stack Developer

Scope: 6-Person Development Team | 150+ Major & Mid-Sized Projects

- Led a 6-person development team across 150+ major and mid-sized projects, managing priorities, estimates, workload and delivery quality while remaining deeply hands-on in application structure, reusable components, integrations, testing and deployment.
- Delivered public-sector and enterprise solutions including Ministry of Health & Population work, MSAD, Rate Your Services, National Management Institute, Egypt Calendar, Elections in Egypt, Integrated Conference Management System and Yashfeen.
- Built and customized CMS/electronic-publishing solutions with multilingual/RTL publishing, workflows, versioning, archiving, permissions, search, SEO, analytics and integrations; worked with custom .NET CMS and reusable publishing components.
- Used C#, ASP.NET Web Forms, .NET Framework, SQL Server/MySQL, ADO.NET, Entity Framework, LINQ, JavaScript/jQuery/AJAX, Bootstrap, REST/SOAP/Web Services, Telerik/Kendo/Infragistics and Crystal Reports; delivered multiple award-winning solutions including ITIDA-winning Yashfeen.

Egyptian Armed Forces | Egypt

04/2008 - 10/2010

Linux Systems & Web Developer

- Built early systems/software foundations across Linux administration, shell scripting and Microsoft/.NET web development; contributed to Egypt's first Linux distribution through Linux from Scratch builds, kernel modules, optimization and platform hardening.

ENGINEERING & DELIVERY CAPABILITIES

Leadership & Delivery: Software Engineering Leadership, Agile/Scrum, Sprint/Backlog Planning, Estimation, Capacity/Workload Planning, Delivery Risk & Dependencies, SDLC Governance, Architecture/Design/Code Reviews, QA/UAT, Release Governance, Production Readiness, Incident/RCA

Engineering & Data: C#, .NET/ASP.NET Core, REST APIs, GraphQL, JavaScript, React, Node.js, SQL Server/PostgreSQL/MySQL, Redis | DevOps & Tooling: Git/TFS, Jenkins, CI/CD, Docker, Postman/Swagger, Visual Studio/VS Code, Rider, DataGrip | Metrics: Delivery, Defects, Releases, Incidents, SLA/Service KPIs | AI: Applied AI & Automation

Full-Stack Foundation: ASP.NET Web Forms, .NET Framework, ADO.NET, Entity Framework, LINQ, jQuery/AJAX, HTML/CSS, Bootstrap, Web Services, Umbraco, Kentico, Telerik/Kendo/Infragistics, Crystal Reports & Enterprise Reporting

SELECTED GOVERNANCE CONTRIBUTIONS

- Governance Lead - National Pharmaceutical Track & Trace Program (2021-2024): governance, compliance, interoperability, data integrity and technology roadmap across UPA, Egyptian Drug Authority and Ministry of Health stakeholders.

EDUCATION & LANGUAGES

Education: B.Sc. in Computer Science, Faculty of Computers & Informatics, Zagazig University | 2003-2007

Languages: Arabic (Native) | English (Professional Working Proficiency)
